SAMUI—WHAT TO SEE AND DO

Ko Samui or the Coconut Island is a popular resort. With a road paved around it, Samui's beaches can be conveniently reached. Some of its wonderful attractions and activities it offers are described below:

Chaweng Beach

Chaweng Beach on the east coast is the most famous and developed beach of Ko Samui. The 6-km white and clean beach is charming. The underwater world is inviting. It boasts the largest number of dive shops on Ko Samui. It offers a big choice of accommodation, man-made facilities, a wide selection of restaurants and numerous places of entertainment.

Lamai Beach

Lamai Beach is the second most popular beach on the island. The thriving beach is well-known for its twin grotesque rocks on shore. Various kinds of accommodation are available. A combination of nightlife and local life makes the beach attractive to tourists.

Hin Ta & Hin Yai Rocks are the famous twin granite rocks on Lamai Beach. *Hin Ta* or Grandfather Rock is in the form of a male genitals while *Hin Yai* or Grandmother Rock, that of the female.

Bo Phut Beach is located on the north coast along Bo Phut Bay. It is tranquil and nice for relaxation. Accommodations are available. Ideal for windsurfing and sailing, Bo Phut is also where people can take a boat to some nearby islands.

SAMUI—WHAT TO SEE AND DO

Hin Lat & Na Muang Waterfalls are popular tourist attractions which are very beautiful in the rainy season.

Nathon is where express and night ferries

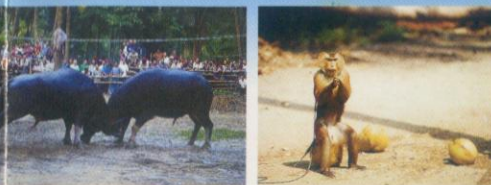

from Surat Thani berth. It serves as a local market and provides visitors with necessary facilities including banks, main post office and a hospital.

The un-decomposed corpse of a Buddhist monk in Khunaram Temple, is worth seeing. Miraculously, despite his death 20 years ago, his body has remained in a perfect condition.

Diving Several dive sites are located in the sea off Samui. Diving schools and diving facilities for rent are available. Diving tours are organized to Ko Tao and Ko Nang Yuan.

Buffalo fighting is an exciting game for both locals and tourists. It is held once a month and additionally on auspicious occasions and at festivals.

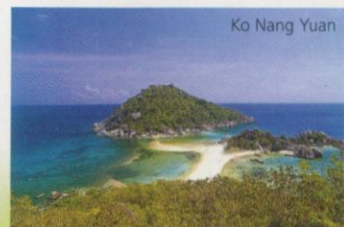

Snake show offers a thrilling ex-

perience for its viewers who have to hold their breath when poisonous reptiles are skillfully caught by a handler with bare hands.

Monkey & elephant shows See how the monkeys prove their exceptional abilities and be impressed by the intelligence and loveliness of the elephants.

Jungle tours are ideal for adventure lovers. Participants can feast their eyes on pure nature on a mountain on the island. □
